TECHNICAL SPEC

Fortress 80 Fencing

Heights 3000mm (standard), max height 5200mm Fence panel width 2515mm Fence mesh 76.2mm x 12.7mm resistance welded at each intersection Wire Hard drawn 4mm steel COMPONENTS Box section Square hollow section (SHS), designed to suit specific applications Centres 1250mm Settings 800mm - 1500mm subject to fence height Fixings Clamp bars and tamper-resistant bolts Cloaking sheets A. 3mm ACM solid composite panel B. 2mm 1050 grade aluminium sheet, PPC finish Interpon D1060, Image printing (if applicable) C. 2mm 1050 perforated aluminium/stainless steel sheet for 'net curtain' effect, PPC finish Interpon D1060, Image printing (if applicable) Datasheets available on request Gates Reduced ligature design compared to standard security gates Euro cylinder & hook bolt (standard), other locking mechanisms can be fitted Anti-ligature handles COLOURS / ARTWORK Solid colour RAL 6005 (moss green) (standard) or any PPC RAL colour available on request Artwork Supplied files should be a minimum of 300dpi UV protection 5 years under normal conditions SECURITY LPS 1175 SR1 rated against intruder tools WARRANTIES 12 month warranty 5 year UV stability print warranty 5 year life cycle	DIMENSIONS	
Fence mesh 76.2mm x 12.7mm resistance welded at each intersection Wire Hard drawn 4mm steel COMPONENTS Box section Square hollow section (SHS), designed to suit specific applications Centres 1250mm Settings 800mm - 1500mm subject to fence height Fixings Clamp bars and tamper-resistant bolts Cloaking sheets A. 3mm ACM solid composite panel B. 2mm 1050 grade aluminium sheet, PPC finish Interpon D1060, Image printing (if applicable) C. 2mm 1050 perforated aluminium/stainless steel sheet for 'net curtain' effect, PPC finish Interpon D1060, Image printing (if applicable) Catasheets available on request Gates Reduced ligature design compared to standard security gates Euro cylinder & hook bolt (standard), other locking mechanisms can be fitted Anti-ligature handles COLOURS / ARTWORK Solid colour RAL 6005 (moss green) (standard) or any PPC RAL colour available on request Artwork Supplied files should be a minimum of 300dpi UV protection 5 years under normal conditions SECURITY LPS 1175 SR1 rated against intruder tools WARRANTIES 12 month warranty 5 year UV stability print warranty	Heights	3000mm (standard), max height 5200mm

Option A/B solid panels

Option C cloaking sheets

Important: The information above is provided for guidance purposes only. It is provided subject to contract and no representation or warranty is made or intended. The fencing should be assessed or tested by each Client to ensure it meets the requirement of their patient group and intended use.

Anti-ligature disclaimer: This product may have varying degrees of anti-ligature characteristics. Any anti-ligature characteristics there may be are only intended to supplement and not replace or be an alternative to appropriate risk assessment and supervision of those who may be at risk. Other necessary protective measures may be required in the specific circumstances of usage. The customer must satisfy itself that the product(s) are suitable for their intended use. Britplas does not offer any products for sale as being 'ligature-free' and to the fullest extent permissible under applicable law it will not be liable for any claims connected to or arising from the attachment of ligatures on its products.
